

ATTENTION IESA OFFICIAL

Special Report and Good Sportsmanship Forms

(Both forms can be found on the IESA website at www.iesa.org/activities/officials.asp)

Good sportsmanship is one of the primary purposes of junior high school interscholastic activities. The IESA believes that all participants in our activities are responsible for promoting, teaching and enforcing the highest standards of sportsmanship. For IESA bylaws to be enforced it is important that officials who work junior high events fill out and return special report forms after incidents occurring at regular season and state series events. Additionally, it is equally important that when acts of good sportsmanship occur the IESA be able to recognize those individuals or schools.
