Student Leadership Conference Opportunity

The Illinois Elementary School Association will be hosting the first ever student leadership conference for 7th and 8th grade students on the same day as the Athletic Directors conference at the DoubleTree Hotel and Conference Center in Bloomington. This is a great opportunity to educate your students on elements of being a leader within your school and using their influence for the benefit of their school and local community.

Students will have the opportunity to hear from a nationally-recognized speaker throughout the day and participate in breakout sessions on topics including Using Your Influence, Expectations of Leaders, Hazing Prevention and Response and Conflict Resolution.

While students attend student-specific sessions, the adults will register for and attend the sessions provided at the Athletic Directors workshop. Both student and adults that register for the student leadership conference will take part in the closing session and a school-specific action planning session.

Information regarding the Student Conference is available online.
