IV. ELIGIBILITY

C. Eligibility

To enter any of the IESA activities, a student must be eligible under all the eligibility rules and conditions of competition of the IESA. These include but are not limited to:

1. Attendance

Students must attend member schools and may only represent in competition the school they actually attend. (2.031)

2. Scholastic Standing

All contestants shall be in grades five through eight and shall not have passed eighth-grade standing. (2.041)

A student shall be doing passing work as determined by the local school district in all school subjects and the school shall certify compliance with this By-Law. Use of a player, contestant, or participant shall be deemed such certification. (2.042)

For all IESA activities, athletic as well as non-athletic, passing work shall be checked weekly. Eligibility will be applied to the Monday through Saturday following the week that was checked. Students must be passing each subject each week to be eligible. Grades shall be cumulative for the school's grading period. (2.043)

The eligibility check shall be the same day each week unless school is not in session; then it must be taken on the last day of student attendance that week. (2.044)

For fall sports, the first eligibility check shall be made following the first full week of attendance at the beginning of the school year. During the succeeding weeks of the school year, the eligibility check shall begin the week prior to the first contest in an activity. (2.045)

3. Use of Participants

Only students who are currently eligible under the rules and By-Laws are eligible to participate.

Illustrations for Eligibility

The following are provided for illustrative purposes only and are neither binding nor to be construed as having the effect of the By-laws or Constitution of this organization.

- Q.** Must a contestant be in school on the day he or she desires to participate in an interscholastic activity?
A. The contestant is not required to do so by Association rules. Many schools maintain local policies of this sort which would determine if he or she would be permitted to play.
- Q.** What is the definition of "the school which they actually attend"?
A. "The school which they actually attend" shall be viewed as the school at which a student is enrolled and permanent records are kept. The only exception to this definition would be students who fall under the provisions of By-Laws 2.032-2.036.
- Q.** Could a member school which is not in attendance due to a "strike" participate in an interscholastic contest?

- A.** A school shall not engage in an interscholastic activity unless 51% of the school's students are in attendance and the minimum program required by state law is being offered. This is in conformity with policy established by the *Illinois State Board of Education*. See By-Law 2.0152 for a further exception to this answer.
- Q.** May students from feeder elementary schools participate in a music solo and ensemble or speech contest as representatives of their junior high school which is an IESA member?
- A.** Yes. Students who attend a feeder school to their middle school or junior high school may represent the feeder grade school or they can represent the middle/junior high school in these activities. Each feeder school must be an IESA member school. If the feeder school students will be representing the middle/junior high school, the entries must be sent in with the middle/junior high school entries. If the student is going to represent the feeder grade school, then the entries must be received from the feeder school. Please see By-Law 2.035 for an exception for chorale presentation groups in speech contests.

Situation: A new principal has come to Illinois from another state where scholastic eligibility rules differ from those of the IESA. The principal notes in the IESA rules that a student must be passing all subjects weekly to be scholastically eligible. Not understanding how to determine what "passing per week" means, the principal calls the IESA Office for an explanation.

A: Most important to note is that "passing per week" is determined by measuring a student's performance on a cumulative basis from the beginning of a school's grading period (usually a six or nine-week period) through the date on which the check is made. The check should not reflect only a given school week's scholastic performance; rather it should reflect the student's cumulative performance for the grading period through the date of the check. Schools are expected to conduct this weekly check in some consistent manner convenient to their individual operations. Student eligibility or ineligibility is then affected on the Monday following the date of the check.

For example, consider a school which checks eligibility every Wednesday. Records are processed through the computer and a printout of all students' scholastic standing is given to the athletic director on Thursday. The athletic director's office reviews the list and reports Thursday afternoon to the principal that a student is not passing all subjects as of this check. The principal informs the student and coaches on Friday morning that the student is not passing the required work and is thus ineligible for one week, beginning the following Monday morning. The student may play in contests held that evening or on Saturday, the next day. However, the entire next week, Monday through Saturday, the student is ineligible. The following Wednesday, the process is repeated. This time, when the report reaches the principal on Thursday afternoon, the student's record shows the student is now passing all subjects on a cumulative basis since the beginning of the grading period. Now, the principal will inform the student and coach on Friday morning that the student will become eligible again the following Monday morning. Please note that the student is not permitted to play on this Friday and Saturday because of last week's failure to meet the grade requirements. A student becoming scholastically ineligible by the weekly eligibility check must remain ineligible for one full calendar week before possibly becoming eligible again.

- Q:** Our teacher's grades are due to the office by 3:00 p.m. each Thursday to determine grade eligibility for the following week. One of my teachers reported a failing grade for a student when he turned in grades. On the following Monday, the teacher reported that the student who was failing turned in an extra credit report over the weekend and was now considered passing. Is this student eligible?
- A:** No. The student is ineligible since he was failing on the day that grades were due to the office. The fact that the extra credit project now makes the student grade eligible will help when the grade check is done the next Thursday, but the student was failing when the grade check was completed and as a result, the student is ineligible for the following week. The grade check must be done on the same day each week and cannot count grades earned or received after the check has been completed

The speaker may use one 3x5-note card and a writing instrument. The time will begin when the speaker is given the topics. The speaker may divide the writing/speaking time however he or she wishes. While the speaker is writing, the judge or timer (it is highly recommended that the host school provide a separate timer for this event) will announce the time remaining at one-minute intervals. Once the speaker has begun, the timer or judge will signal by means of upraised fingers or time cards the time remaining, and at the end of the eight minutes by an upraised hand. The speaker then has a grace period of 30 seconds to end the speech. If the speaker speaks beyond 8:30, the performance will be lowered one division rating.

The presentation should have a clear beginning, middle, and end; and demonstrate the customary attributes of characterization, stage presence, body and facial expression, articulation, pronunciation, fluency, and eye contact.

The presentation may include multiple characters and sound effects.
